**Re: Wheeled Off Highway Recreation Vehicle Crossing Permit Application – US-3, Pittsburg , NH**

Thank you for submitting an application for a wheeled off highway recreation vehicle crossing permit on US-3, located at the intersection of Hill Rd and Danforth Rd in Pittsburg, New Hampshire. Our office has completed a field review of the proposed crossing and determined that the Department cannot issue a permit at the proposed location, due to the unreasonable skew across the highway within a 50 mph speed zone. Should you have any further questions or identify an alternate solution please feel free to contact the District One office.

Sincerely,

Philip L. Beaulieu, P.E.  
District Engineer  
NHDOT District One
