Subject: RE: Rte 145 plan

Hi Chris,

This plan is a little lacking in detail, but I think it gets the point across. I am a little concerned with the ledge cut to the south blocking sight distance, but without a proper plan we won't know how much may need to be removed until after the driveway is built. Is DNCR/club prepared to remove ledge and some of the cut slope if needed? Also, will the club be removing the existing portions of the driveway that are no longer needed?

I have attached the typical detail that shows what the club should be building for this location. I know you are aware, but I just wanted to make sure the club understood what needed to get built.

Thanks

Phil

Phil

Here is the plan for the property at the north end of Rte 145.

Thanks, Chris
