I will have the club put up some signage and I can have LE keep an eye on it.

He said riders are going through his property instead of around it. He wants a lease payment from us or have us sign and help block off the trail through his property. Club should be putting up additional signs. I am supposed to follow up with him next week. I told him I would try to look at his property later this week when up for ride-in

Spoke with the club and they are going around his property so not sure what his concern is.
