

H-141:

“The Danville Planning Board will hold a public meeting on **Thursday, May 25, 2023 at 7:30pm** in the town hall. The Agenda includes: **1. A Conditional Use Permit Application** submitted by **Eversource Energy** for the H141 Transmission Line Structure Replacement Project. The proposed overall project involves the replacement of four existing utility structures along the H141 Transmission Line in the Town of Danville. **The structure replacements were selected based onsite visit evaluations conducted by Eversource and must be replaced for the transmission line to continue to function safely and reliably.** The complete application is on file in the Selectmen's office and available to the public during normal business hours, 8am - 4pm, Monday - Thursday. 2nd “ (emphasis added)
