Hello Committee Members,

At the request of Chairman Govatski, I am forwarding you the attached letter from Ms. Pastoriza.

As an aside, I will never share the private contact information you have provide me unless you specifically request that I do so.

The public may always reach committee members through our office.

Thank you.

I am opposed to putting NSF CC member emails on the NSF web site. That is an invasion of personal privacy for volunteers. The only way I would support it is if we each had a NSF email account.

Will, can you send this letter to the NSF CC members using a BCC?

David Govatski
