Hi Maggie. I hope you are enjoying the snow. We got around 29 inches since Friday!

Can you send me the signed 2021 and 2022 Kelsey and west side trail monitoring reports? I have only the final draft of each.

Also, for the west side report, I think we talked about including the final trip count numbers in it after the ATV season ended in November or December. Is that still the plan? If so, what is the timeline for that?

Thank you,

John
