**Subject:** RE: Trail Permissions

Hi Robin

I believe Eric needs permission for OHRVs to use a town road to connect from our rail trail to his property. The Select Board would make that decision. Below is the statute that give the Select Board the authority for the decision. Chris

### **215-A:6 Operation of All OHRVs.**

IX. Pursuant to RSA 215-A: 15, and following a duly noticed public hearing advertised at least 14 days in advance in a public location in the city or town and notification to abutters by verified mail pursuant to RSA 21:53, city or town councils and boards of selectmen may authorize the use of sidewalks and class IV, class V or class VI highways and bridges, or portions thereof, for use by OHRVs. The operation of OHRVs may also be allowed on sidewalks adjacent to class I, II, III, or III-a highways pursuant to RSA 236:56, II(e). Operators of OHRVs using said roads, or portions thereof, shall keep to the extreme right and shall yield to all conventional motor vehicle traffic. The bureau, or its designee, shall so post such highways where authorized. Following a duly noticed public hearing, except in the case of an emergency closure, such city or town authorities may change the allowable usage of a class IV, class V, or class VI highway by OHRVs by giving notification to the supervisor of the bureau and removing any signs that no longer apply. The petitioner shall bear the expense of verified mail notification to abutters of property for which OHRV use is sought under this paragraph.

Hi Chris,

So what Andrew is asking about is Eric Hammer is asking for permission to provide public ATV, UTV, Trail Bike access on his property. Andrew wants to know if he or the SelectBoard would make that decision? Does that help?

Robin
