TO: THE COMMISSIONERS FOR THE  
MASTER PLAN MANAGEMENT OF MT. WASHINGTON:

I attended the meeting Aug. 22<sup>nd</sup> at the  
North Conway Community Center. While I  
now understand that you have no jurisdiction  
over the "Lizzie Project / Cog Railway," I  
hope you will oppose / express opposition  
to the project due to its inevitable negative  
impact on the park over which you do  
have jurisdiction. Concerns include environ-  
mental, due to increase of visitors adjacent,  
and <sup>all</sup> consequences of more people in the area:

more rescues?

sanitation?

wildlife?

plants?

Thank you.
